Pricing is based on the number of Vorne XL devices.

| | |
|---|---------|
| 10-Pack (One-Time) | \$1,495 |
| Each device after 10-Pack purchase (One-Time) | \$75 |

License: Product is node-locked to a PC/Server. Additional license seats can be purchased at a discount for the same location/installation. Call or E-mail for quote. One-Time licenses will function indefinitely.

Training: Includes one hour of training - guiding users through the basics of PiXL and designating one user as point person to become subject matter expert. Additional training available and quoted upon request.

Support: E-mail, telephone and online product support is included in the price of the software. Users should have a working knowledge of typical Microsoft Windows applications.

Fonts: PiXL is provided with 2 fonts specifically designed for the LED matrix of the Vorne XL800 and XL810 series displays. Other fonts can be used but may not render readably with the limited resolution of the LED blocks.

***DEMO License:** Supports only image download and functions that don't affect the operation or permanent configuration of the XL. Allows Send/Show/Hide image and "Device Identify" which temporarily and non-destructively displays each device's Asset ID and IP Address.
